Season of 1955

These prices are for good, strong, substantial trees, shrubs., or plants with a good root system and true to name. It is not the light grade, poorly rooted, unreliable stock so much used in mail order and department store trade which is expensive at any price.

In order to be fair to the small purchaser as well as the large we give a single, ten and 100 rate. Five trees or plants of the same variety and size will be furnished at the 10 rate 25 will be furnished at the 100 rate. Less than 5 plants of one variety and size must be figured at the single rate, 25 of the same variety and size, or 50 of the same class as peach, apple, etc. will be furnished at the 100 rate, 250 at the thousand rates if quoted.

TERMS—Cash or satisfactory reference.

PARCEL POST—Most small parcels can be sent by mail cheaper than by express. Postage charges must be paid by the purchaser. Unless postage is included with order it will be sent by Express.

SHIPPING DIRECTIONS — Always give full name and address and state how the shipment is to be sent. All small packages should be sent by express or mail

LARGE ORDERS—Special quotations will always be made on large orders.

COMPLAINTS—All complaints for shortage or damages to stock must be made to us immediately on receipt of goods and no complaint will be considered unless made within 10 days of receipt of stock.

VISITORS—Are always welcome at the nursey.

		✓ Zarn

IMPROVED HALE — Similar to J. H. Hale, slightly later but a much stronger growing tree, more hardy and a far better bearer as it is self pollenizing.

ZARN—One of our own introductions. Many large growers consider this the very best variety they have in their orchard. As large as Elberta, and better colored and far better quality. Bears evenly on the tree and does not overbear. Holds up well after picking. Ripens about a week ahead of Elberta.

Quintriplet Apple

Five varieties grafted on one tree. Will produce five varieties of best leading sorts.

Price \$3.00 each 10 Rate.....\$2.50 each

SOUR CHERRIES

	Each	Per 10
XX Grade, 11-16 in., 4-6 ft.	\$1.50	14.00
First Class, 9-16 in., 4-5 ft.	1.25	12.00

VARIETIES—Brassington. Large Montmorency.

BRASSINGTON—A sub acid variety, between a sweet and a sour. We consider it the very best variety for home use or roadside stand. People who buy it once always come back for more. Tree very hardy and a splendid stocky grower with foliage almost impervious to fungus diseases. Seldom fails to produce a crop.

SWEET CHERRIES

Most All On Mazzard Root.

	Each	Per 10
XX Grade, 11-16 in., 5-6 ft.	\$1.75	\$16.50
First Class, 9-16 in., 4-5 ft.	1.50	14.00
First Class, 1 yr. strong on Mazzard	1.75	16.50

VARIETIES

Bing	Lambert
Black Tartarian	Schmidts Biggarreau
Black Russian	Windsor
Napoleon	

Black Russian is an extra hardy variety brought from Hungary many years ago. Good size and a good bearer. It has produced a good crop of cherries when all other varieties failed on several occasions.

Sweet Cherry, grown on Mazzard root are far superior to those grown on the ordinary root. They transplant better, last longer and produce better.
